Hospice of Holland

VOLUNTEER

Therapy Animals Needed

Seeking pet therapy volunteers in Ottawa and Allegan counties willing to donate time and service to ensure that the final journey of a terminally ill patient is valued and traveled with dignity.

Hospice of Holland needs compassionate individuals to share their certified therapy animal to bring joy and comfort to those on hospice care.

Volunteer orientation is required. This is available to do on a self-study basis in order to fit any schedule. Commitment from volunteers can be as little as one service per month. Pets need to be updated on vaccinations and be certified through the Alliance of Therapy Dogs, or have passed the AKC Good Citizenship Test.

MAKE A DIFFERENCE.
